

Remote Access to Campus Computing

1. **Click** green “Start” button at the bottom of your screen
2. **Click** “All Programs”
3. **Click** “Accessories”
4. If you don't see “Remote Desktop Connection” click “Communications.” If you do, **click** on “Remote Desktop...”
5. In the “Computer Box” type **goto.qc.cuny.edu** then **click** “Connect”
6. Enter **CAMS user name** (you may have to use your complete address username@qc.cuny.edu. Maybe not.)
7. Enter CAMS password and “INSTR”
8. **Click** “Start” then “Programs” and then “SPSS Windows” or “SPSS Inc”

SPSS Data

Data to be used in SPSS must be on “P” drive when you use a remote connection.
